A Humble Beginning

CARE NETRAM inaugurated its 4th Vision Centre at Angul in Odisha

We have set up a permanent eye care facility at Angul, Odisha to support affordable vision care services for all. The vision care centre motivates local people to visit centre, get their eye tested for free and get good quality eye wears at affordable pricing.

At Care Netram Vision Centre, we are focused on providing **high quality home produced** eye wears tailored to meet all eye care needs. We provide uniquely manufactured stylish eyeglasses to ensure the **best visual experience** to the customers.

Offering The Best Visual Experience:

- Home Produced Made In India Glasses
- Fashionable & Stylish Eye Wears
- Eye Wears At Pocket Friendly Prices
- Instant Availability & Prompt Service

The Happy Customer

Ensuring Clearer Vision With Good Vision Glasses

Mrs. Pramila Parida

Age: 65 years

Address: Mukunda Prasad Khordha.

Mrs. Pramila Parida has a very active lifestyle, takes care of her family and lives a humble life. However, she started facing visionary problems and never had the opportunity to get her eyes tested. She visited our centre for the first time and got her eyes tested for free. She was offered our uniquely produced eye glasses which helped her see clearly. Restored vision made her really happy and enabled her to get her life back to normalcy. She expresses her gratefulness to Care Netram Vision Centre as it was much needed in her locality.

Clear vision through Good Vision Glasses not only restored her vision but also her dignity and independence.

Her smile on the face speaks it all!

Giving The Gift Of Vision

Making an impact where it's most needed

CARE NETRAM continues to give the **Gift of vision** to the needy people with **free eye restoring surgery** in collaboration with our partner hospitals in Odisha and Jharkhand

We have provided free eye restoring surgeries to **1100+** people so far in 2022

Going Beyond Just Vision Care

CARE NETRAM has been conducting community camp with our partner Johar Hospital Bokaro. We have been providing eye screening services along with acupuncture and physiotherapy sessions.

Studies suggest that acupuncture and physiotherapy improve eye health conditions and reduce the occurrence of eye problems.

Supporting The Vision Of Factory Workers

Poor eyesight and vision impairment problems increase the chances of workplace injuries.

Thus, we at Care Netram continues to ensure workplace safety at factories with timely eye checkups of factory workers and affordable eye wears.

We have screened **9000+** factory workers in the last 3 months, thus enabling them to **SEE and WORK better.**

Spreading Awareness On Eye Health

Good Vision is of primary importance to health, wellbeing, safety and quality of life. More than 30% of global workforce suffers from poor eyesight. This can be addressed with time to time eye check-ups and early eye treatments.

Care Netram team

visits door to door to spread the awareness on the importance of eye health.

Delivering Happiness To Our Valuable Customers!

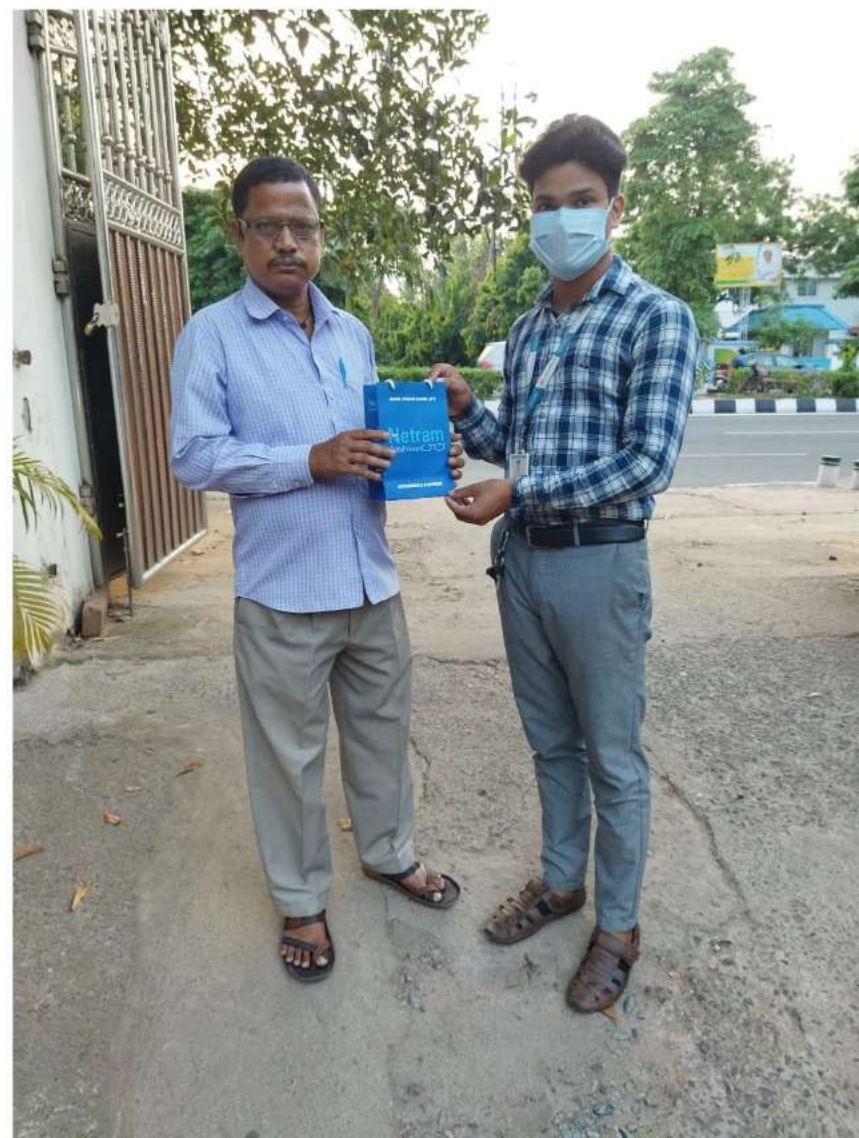

Ensuring Quick & Prompt Service

CARE NETRAM VISION CENTRE team delivers happiness to customers with Good Vision Glasses.

Our modular system using prefabricated clip-in spherical lenses ensures that eyeglasses are instantly assembled and made available to the customers at their doorstep.
